

ECTS credits:

- BA/BEEd course of studies: total of 180 ECTS cr.
- MA/MEd course of studies: total of 120 ECTS cr.

The amount of ECTS cr./course depends on the amount of input necessary to earn credits and grades (types of examination: take-home coursework, oral or written exams, term papers).

Types of courses:

- a) lectures
- b) seminars

Credits per course:

- a) Lectures

Non-degree seeking students (guest- and exchange students who are studying at JGU for one term or academic year) who attend a lecture with the intention to earn credits **need to contact the lecturer**: You must inform him/her that you need to take an exam and enquire about the type of exam you will be able to take. In principle, this can be

- a 15 minute oral exam,
- a written exam or
- an essay of other take-home assignment.

All exams taken to complete a lecture are awarded **4 ECTS cr.**

b) Seminars, as a rule, are completed by submitting a term paper or by preparing take-home assignments. Here, the amount of ECTS cr. depends on the work load that needs to be shouldered to complete the task:

- take-home assignments: **3 ECTS cr.**
- short term paper of roughly 10-12 pages: **5 ECTS cr.**
- long term paper of roughly 20 pages: **9 ECTS cr.**
